The Four Virtues

When the four virtues develop, we open our spiritual mind,
Understanding the transience of the four great elements, we return to the
higher sphere,
Attaining equilibrium on our own, we practice with rapid progress,
Through infinite transformations, we understand the higher sphere.

*Respectfully,
Vi Kien*

Dear Friends,

The Be Tam's Self-Dialogue is written with an **EMPTY** heart, and is closely connected to the benevolent energy of the Great Compassion. It is also a remedy for mental disorders, capable of releasing impure energy from the heart, the liver, and the kidneys. One should not shorten or edit any section; those sincerely devoted to spiritual perfection will understand the deep philosophy of Be Tam's writings.

I hope that you will practice in a righteous manner to truly understand the evolution path of the spiritual consciousness.

Respectfully Yours,

Baby Tam

Voyages On Earth

“Voyages on Earth” is translated from the Vietnamese translation of the original Chinese spiritual document for readers to open their minds and try to understand many facets of truth. This book is a companion to the already published book “Voyages to Hell”. It serves to awaken many other human beings who don’t know the law of cause and effect.

The Taiwanese use of mediums described in this book should not be confused with VoVi. For further information about the original version of this book, please write to:
