Dear Friends,

The Be Tam's Self-Dialogue is written with an **EMPTY** heart, and is closely connected to the benevolent energy of the Great Compassion. It is also a remedy for mental disorders, capable of releasing impure energy from the heart, the liver, and the kidneys. One should not shorten or edit any section; those sincerely devoted to spiritual perfection will understand the deep philosophy of Be Tam's writings.

I hope that you will practice in a righteous manner to truly understand the evolution path of the spiritual consciousness.

Respectfully Yours,

Baby Tam

Notes:

The attached translation is a rough draft of Muc Be Tam from the current Vietnamese LED Weekly version, that is prepared especially for English-speaking Vô-Vi fellow practitioners by the English Translation Team.

The Editorial Staff strongly suggests that the document is not to circulate outside the Sunday discussion group, to maintain the accuracy of Master's teaching. A final edited version will be formally published at a later date.
