Dear Friends,

The Be Tam's Self-Dialogue is written with an **EMPTY** heart, and is closely connected to the benevolent energy of the Great Compassion. It is also a remedy for mental disorders, capable of releasing impure energy from the heart, the liver, and the kidneys. One should not shorten or edit any section; those sincerely devoted to spiritual perfection will understand the deep philosophy of Be Tam's writings.

I hope that you will practice in a righteous manner to truly understand the evolution path of the spiritual consciousness.

Respectfully Yours,

Baby Tam

analyze and achieve harmony on our own.*

Causing suffering and hardship to ourselves, our heart
must accept the consequences,
Learning with a calm heart, we will liberate ourselves
from this journey.*

the universe,

center, we will reach harmony on our own,
Practicing with diligence and sincerity, we clearly see
our spiritual journey,
The evolution of the soul follows heaven's fortunate
opportunity and guidance.*

Q: What is entanglement?

A: Entanglement means that one is not resolute yet.

Psalm

Unable to make progress and cultivate oneself
spiritually, one remembers one's love,
Being naïve, one becomes restless and creates
agitation,
With perseverance, we practice the righteous dharma
to attain spiritual perfection.*

Notes:

The attached translation is a rough draft of Muc Be Tam from the current Vietnamese LED Weekly version, that is prepared especially for English-speaking Vô-Vi fellow practitioners by the English Translation Team.

The Editorial Staff strongly suggests that the document is not to circulate outside the Sunday discussion group, to maintain the accuracy of Master's teaching. A final edited version will be formally published at a later date.
